The Lost Kafoozalum

[Pauline ASHWELL \(1928 - 2015\)](#)

"Lizzie" Lee and her best friend "B" have just finished their finals in Cultural Engineering at Russett College and are enjoying a well-earned break on a Pacific Island when they are kidnapped by their professor and dragged half-way across the galaxy in an attempt to avert a nuclear war on the backwater planet, Incognita. Accompanied by some of their classmates; their professor and two strangers, they have just days to come up with and implement a solution to avoid millions of deaths. One of the beautiful things about a delusion is that no matter how mad someone gets at it ... he can't do it any harm. Therefore a delusion can be a fine thing for prodding angry belligerents....
